

Dear Nurse Navigator SIG,

Our SIG is sponsoring a session at Congress 2014 entitled *Foundational Tools for Oncology Nurse Navigator Programs: Review of the Oncology Nurse Navigator Competency Project*. The objective of the session is to look at the process involved in putting the competencies together as well as sharing how you, our SIG members, are **using the competencies** in your practice.

We are looking for volunteers to share their experiences using vignettes that will be played during the session. Our plan is to match still photos from your practice with your voice, recorded over the phone, to make the vignette. As you know the competencies are divided into four categories; professional role, education, coordination of care, and communication. We would like our volunteers to concentrate on one category.

If you would like to be a part of this exciting project and have the opportunity to highlight the work you do at your institution, please contact me at [lmcmullen@princetonhcs.org](mailto:lmcmullen@princetonhcs.org) or [lormak5@comcast.net](mailto:lormak5@comcast.net) by January 10<sup>th</sup>, 2014.

Best regards,

*Lori*
