<p>New Business</p> <ol style="list-style-type: none"> Leadership Team Lineup approved with revisions noted. Work Groups/Goals: <ul style="list-style-type: none"> Quality/Outcome Measures The goal of the ONC NN SIG Quality and Outcomes Work Group is to investigate the feasibility of standardized NN program metrics and then thereafter explore opportunities to establish national benchmarks for patient experience, clinical outcomes and business performance. Navigation Resource Tool Kit To investigate and create a tool kit that will be of value to oncology nurse navigators and not duplicate what another organization has done. Lay Patient Navigation To establish guidelines for role delineation between the ONN and the nonprofessional lay patient navigator. Virtual Community Maintain and update the NN SIG Virtual Community Site Care Care Coordination To explore differences and similarities between ONN and CCC in order to define the needs/goals/accomplishments 	<ul style="list-style-type: none"> Leadership Line-Up will be posted on NN Virtual Community Individual workgroups and goals were discussed. Members encouraged to identify appropriate number for committee representation and if other organizations and areas of the country should be represented. Recommendation to include Rebecca Crane-Okada as a member of Outcomes workgroup as well as her recent publication in Seminars in Oncology Nursing. Jean will send communique to NN SIG membership requesting volunteers for individual workgroups once need is identified. Jean will work with individual workgroups to ensure conference calls are set up for next meetings. Plan is for workgroups to begin to form/meet and provide updates to leadership team during next conference call. ONS has an application for Special Project Funding for those workgroups that may need this. Information will be forwarded to all members. Request from leadership team to identify those programs who currently utilize non-professional patient navigators. Suggestions include: Sutter Pacific Medical Foundation which utilizes peer

<p>c. NN Certificate and ONS Joint Position Statement on Patient Navigation</p> <p>d. NN SIG Poster for Congress</p>	<p>counseling in this role, City of Hope, George Washington University, University of Alabama, UNC and ACS</p> <ul style="list-style-type: none"> • The need for a competency work group will be re-evaluated. • Cancer Care Coordination will be included as a new work group as an opportunity to streamline the practice of both groups. • Reviewed previous goal of Navigation Tool Kit from 2012. Julie felt goal was too large. Members would like to see the goal refocused as this resource would be valuable for new Nurse Navigators. Specific needs include disease specific algorithms. • Members felt this was an opportunity for VC workgroup and Took Kit workgroup to work together to ensure content developed can be included on VC web site. • VC: ONS is supporting the need to ensure that the VC site is easy to access and supports the membership. Denise Wiley and Paige Woodruff will be working with Ellen Carr. • Jean reports that ONS is still considering the feasibility and market potential of developing a Nurse Navigation Certificate Program. • ONS is updating the 2010 joint position statement for patient navigation. • Members feel there is an opportunity for a Think Tank given the rapid growth of patient navigation and nurse navigation. This would be an opportunity to discuss competencies and position statements. Jean will follow-up with Cindi and PJ to determine next steps. • Dominique has agreed to work with a team to develop NN SIG Poster which will be on display at Congress.
